The CPHI worldwide is the biggest international trade show for the pharmaceutical and nutraceutical industry. We will participate again to the CPHI worldwide 2022 in Frankfurt to showcase our portfolio.

In hall 8.0, HARKE Pharma will be present with its business units Pharma and Nutraceuticals.

For more than 40 years we have been supplying pharmaceutical and nutraceutical producers and CROs all over Europe.

Benefit from our technical expertise in the field of functional excipients for pharmaceutical and nutraceutical production and discuss with us the latest formulation developments.

You can also discuss with us your needs for competitive second sources rounded up with an out-standing reliability in terms of quality and availability.

We will be pleased to share with you our extensive know-how and experience about the comprehensive product portfolio of our well-known partners.

We look forward to giving you a warm welcome at our **booth 80J63 in hall 8.0**.

If you have any further questions, please do not hesitate to contact Ms Mandy Rehländer, e-mail: [mr@harke.com](mailto:mr@harke.com).
